Huge clouds gathered around the electric lights and piled up so thick in the globes that the linemen were compelled at times to lower the lamps and dump about a quarter of a peck of the defunct insects from them. On the railroad track under the lights myriads alighted, and when cars would pass over them a cracking noise not unlike the snap of parlor matches would with a be heard. NOCTURNAL PROWLERS .- Another ball was given at the colored Odd Fellows Hall last night.
